## 1. Environmental policy

Nipro Medical Europe, being part of Nipro Group, endorses the Nipro Group environmental policy. Nipro Medical Europe and its employees are highly committed to the protection of the environment and to the prevention of any pollution that might derive from the company's activities. Nipro works every day to guarantee the highest safety standards and the quality of its products, while preserving the engagement towards sustainability of its actions.

Nipro Medical Europe is strongly committed to:

- Understand and anticipate the needs of its customers by delivering high-quality products while progressively reducing their environmental footprint;
- Prevent, manage and reduce the impact of its business on the environment;
- Use the resources in a rational and sustainable way and reduce as much as possible the carbon footprint;
- Comply with the obligations deriving from the stakeholders' expectations as well as from the laws and regulations of the countries where Nipro operates;
- Actively promote an environment-friendly thinking amongst all employees and stakeholders.

These environmental objectives are set to guide Nipro Medical Europe and its employees in all daily activities.

Nipro Medical Europe commits to the set-up, implementation and maintenance of an Environmental Management System and its continuous improvement, to ensure the achievement of constantly higher environmental and sustainability objectives.
